Atlas Economic Research Foundation

Descrição

The Atlas Economic Research Foundation, founded in 1981, connects more than 450 think tanks in 100 countries. Its mission is to strengthen the worldwide freedom movement by cultivating a highly effective and expansive network that inspires and incentivizes all committed individuals and organizations to achieve lasting impact.

In many countries, the productivity of enterprise and entrepreneurship is limited by bad economic policies. Atlas believes think tanks can be catalysts for policy reforms that create freer competition, enabling enterprise and innovation that benefit consumers, producers, and the greater society. That is why the Foundation are offering financial support through [Liberating Enterprise and Entrepreneurship Grant](#).

Note: There is no specific reform or issue area required for a successful application. Atlas encourages applicants to consider the theme "enterprise and entrepreneurship" and to identify viable and worthwhile reforms that represent local priorities and local vision for change.

Data Limite

March 1, 2017.

Elegibilidade

Think tanks with ambitious but achievable plans to improve the public policy and regulatory environment in their countries.

Valor Financiado

Atlas suggests requests of roughly US\$15,000.00, though other amounts may be entertained.

Forma de Solicitação

The application must be completed and submitted [Online](#).

UFAW - Research and Project Awards

Descrição

The [Universities Federation for Animal Welfare \(UFAW\)](#) is a unique scientific and technical animal welfare organisation and uses scientific knowledge and established expertise to improve the welfare of animals kept as pets, in zoos, laboratories, and on farms and of wild animals. UFAW funds research, holds symposia, gives advice to Government and others and produces publications on animal welfare.

Through its [Research and Project Awards](#), UFAW aims to encourage high quality research that is likely to lead to substantial improvements in animal welfare. UFAW seeks to promote both fundamental research aimed at providing new insight into the subjective mental experiences of animals relevant to their welfare and at understanding their needs and preferences, and also to promote applied research aimed at developing practical solutions to animal welfare problems.

Data Limite

Completed application forms are accepted throughout the year.

Elegibilidade

Open to people of any nationality based in any country.

Note: Applicants must see the [Guidelines](#) of the Award to know more about special requirements: Legal and Ethical, Use of Animals, Financial Arrangements, Limitation of liability, Copyright, Reports and Intellectual Property and Commercial Activities.

Valor Financiado

A limited amount of money is available each year to make substantial awards (over £3,500.00) for research or other animal welfare projects (such as for educational initiatives or publications).

Restrições

Projects and procedures funded by UFAW grants may not be altered from those specified on the application form and in the grant authorisation from UFAW without prior written permission of UFAW, and no additional funds will be provided unless UFAW so decides in its absolute discretion.

Any equipment purchased from a UFAW grant will become the property of UFAW and should be used only for the activities approved. At the end of the project the ownership and future use of the equipment will be reviewed by UFAW.

Forma de Solicitação

Applications are expected to be typed but, if not, must be clearly legible. One copy of the [Application Form](#), together with one copy of the *Curriculum vitae* (no more than two sides of A4) of each applicant, should be sent as an email attachment to goodwin@ufaw.org.uk, and to the address:
