## **Sigma Xi - Grants-in-Aid of Research Program**

### **Descrição**

Founded in 1886 as an honor society for research scientists and engineers, Sigma Xi is an independent, non-profit research society of approximately 65,000 members, with a distinguished history of service to science and society. The Society's mission includes fostering worldwide interactions involving science, technology and society; encouraging appreciation and support of original work in science and engineering; and honoring scientific and engineering accomplishments.

The [Grants-in-Aid of Research Program](#) encourages close working relationships between students and mentors, the program promotes scientific excellence and achievement through hands-on learning. The Program provides funding for undergraduate and graduate student research projects in all disciplines of science and engineering, including the social sciences.

### **Data Limite**

March 15, 2017 (closed).  
October 1, 2017.

### **Elegibilidade**

Undergraduate and graduate students currently enrolled in degree seeking programs may apply. International applications are welcome.

Applicants seeking a second Grant-in-Aid of Research must submit a Follow-up Report Form prior to the application deadline for a new grant.

### **Valor Financiado**

Grants amounts range from US\$400.00 to US\$1,000.00 (with an average award of US\$600.00) except as noted below:

- a. Astronomy: grants in this field are awarded up to a maximum of US\$5,000.00;
- b. Vision Research: grants in this field are awarded up to a maximum of US\$2,500.00. The research must have implication for human vision in order to qualify.

### **Forma de Solicitação**

Applicants must visit the [Online GIAR Application](#) to apply and for tips for creating a successful submission.

**Note:** The link goes to an external site that requires applicants and reference writers to create a new account separate from the Sigma Xi Website.

## Observações

It is the standard practice of Sigma Xi to disburse Grants-in-Aid of Research to the academic institution of the grant recipient for management of the project. However, at the request of the student grant recipient, Sigma Xi will disburse the grant directly to the student.

## Programa de Bolsas Top España Santander 2017

### Descrição

O [Programa de Bolsas Top España Santander](#) visa incentivar que alunos de graduação e professores aprimorem seus conhecimentos no idioma espanhol e na cultura espanhola, por meio de um curso de três semanas em uma das instituições mais tradicionais da Europa - a Universidad de Salamanca.

**Nota:** Em 2017, acontecerá a 8ª edição do Programa Top España com a participação de 32 [Universidades Brasileiras Conveniadas](#).

### Data Limite

15 de maio de 2017, às 23h59 (horário de Brasília).

### Elegibilidade

Alunos de graduação e professores das [Universidades Brasileiras Conveniadas](#).

## **Benefícios**

O Santander Universidades se responsabiliza por providenciar os voos de ida e volta de Madrid, traslados até Salamanca, hospedagem, alimentação, custeia integralmente o curso, material de apoio e certificado. E ainda, alguns passeios culturais que são proporcionados ao grupo.

## **Forma de Solicitação**

Os candidatos devem preencher o formulário de inscrição no app [Santander Universitário](#).

**Nota:** Os selecionados receberão um e-mail de confirmação da candidatura.

## **Observações**

Viagem programada para para julho de 2017.

## **Mobility Confap Italy (MCI) 2017**

### **Descrição**

The [Mobility Confap Italy \(MCI\)](#) aims at facilitating and supporting effective collaboration between Confap and the [Italian Network](#) to further scientific, technological and innovation cooperation, through the mobility between the two countries of PhD students, Master students (Mestrado and Laurea Magistrale students) and Post Docs in a variety of fields including humanities, social sciences, natural sciences and engineering.

**Note:** The Italian Network is coordinated by the [University of Bologna](#) (Unibo).

### **Data Limite**

There is no deadline.

## **Elegibilidade**

PhD, Post-doc and Mestrado students enrolled in Brazilian Universities and to PhD, Master and Post-doc students enrolled in Italian Universities that are in the network.

The candidates have to be resident in Brazil, and make contact with one of the [Italian Universities](#) sharing his/her academic interests to ask for the acceptance letter.

**Note:** Each candidate can submit only one application.

## **Benefícios**

Candidates can take advantage of the wide offer of facilities for international researchers/doctorate students provided by each host University: library and documentary services providing support for studies, teaching, research, professional and cultural activities. They will have access to rooms, study facilities, libraries, laboratories and any other service like any international researcher/doctorate student.

The candidate holding a letter of acceptance can apply to Confap for a scholarship. The participant FAP will offer scholarships and mobility support to the Brazilian candidates who have received an acceptance letter from one Italian University, member of the Italian Network.

Sandwich PhD/Post-Doc/Master students will not pay any fee for the mobility period.

Full PhD students will pay the enrolment fees (if any) and taxes set by each Italian University according to its own regulations; that applies only to the PhD enrolling for the entire degree at an Italian University.

**Note:** All practical details concerning the mobility period as well as certificates needed should be discussed with the host university.

## **Forma de Solicitação**

In order to receive the acceptance letter and be compliant for the application procedure, the Brazilian candidate has to submit the following documents:

1. Motivational letter;
2. *Curriculum vitae*;
3. Research project (the proposal must state clearly how the exchange activities to be carried out will contribute to the ongoing research);
4. Degree title (only for full PHD - qualification of Mestre, second cycle higher education diploma, grants access to PhD programmes in Brazil) or enrollment certificate.

**Note:** For more information applicants must click [Here](#).

## Observações

Mobility program duration ranges from two to twelve months for sandwich PhD, Post-Doc and Master and three years for full PhD.

The academic year in Italy is made up of two semesters. The first semester starts in September/October and ends in January/February. The second semester starts in February and ends in July.

**Note:** Candidates must see the [Academic Opportunities](#).

## Royal Academy of Engineering - Distinguished Visiting Fellowship Scheme 2017/2018

### Descrição

The [Distinguished Visiting Fellowship Scheme](#) aims to help UK universities to build capacity and promote collaborations by facilitating visits by distinguished international experts. It provides funding to enable an academic engineering department in a UK university to be a host for up to a month to a Distinguished Visiting Fellow from an overseas academic centre of excellence.

### Data Limite

May 2, 2017, 12pm.

### Elegibilidade

Applicants must see the [Eligibility Criteria](#) item (page 2).

## **Benefícios**

The maximum which can be awarded for each Fellow is £6,000.00.

The funding can be used for the following:

1. The cost of one return air fare (economy class) between the airports nearest to the Visiting Fellow's home and the host institution (they may fly first class if they wish, but the Academy will only contribute at the rate of an economy class ticket);
2. The cost of accommodation (including meals) at or near the host institution;
3. A daily allowance to cover incidental expenses, including travel within the UK.

**Note:** The host institution is required to provide a list of anticipated costs at application stage. An accompanying spouse will be permitted if so desired, but at no additional cost to the Academy.

## **Restrições**

Visitors from commercial centres of excellence are not eligible for the Scheme.

## **Forma de Solicitação**

Before submitting the application via the [Academy's Online Application System](#) candidates must see [How to Apply](#) (page 4).

## **Observações**

All Visiting Fellowships must take place between August 1, 2017 and December 31, 2017.

## **Robert Guthrie-Koch PKU Scholarship 2017**

### **Descrição**

National Phenylketonuria (PKU) News is a nonprofit organization devoted to bringing news and other information to families living with PKU. It is dedicated to providing up-to-date, accurate news and information to families and professionals dealing with phenylketonuria.

In memory of Dr. Robert Guthrie, the [Robert Guthrie-Koch PKU Scholarship](#) was started after his death in June 1995 by National PKU News. Dr. Guthrie developed the newborn screening test for phenylketonuria (PKU) in 1961. He worked for more than 30 years to establish newborn screening programs. The scholarship will benefit bright young people with PKU who are planning to obtain higher education degrees through college or technical school.

### **Data Limite**

October 15 each year.

### **Elegibilidade**

Scholarships are open to any college-age young person with PKU who is on diet treatment and is not in graduate school (the scholarship is now open only to undergraduates, a change from previous years due to financial reasons).

Residents of any country are eligible to apply, but the application must be in English or translated into readable English.

**Note:** Applicants must be accepted to an accredited college or technical school before the scholarship is awarded, but may apply for the scholarship before acceptance is confirmed.

### **Benefícios**

The number of awards and the total amount granted in any given year will vary, depending on the number and quality of the applications received and on the funds available.

### **Forma de Solicitação**

Applicants must submit the completed [Guthrie-Koch PKU Scholarship Form](#), transcripts of academic records, the applicant's statement, three letters of recommendation, and a letter from the PKU treatment physician. Letters of recommendation should be from instructors, college staff, employers, etc. (do not ask friends, relatives, or classmates).

Academic transcripts are to be sent from the school to the applicant, using the request form provided, and then enclosed with the completed application. Letters of recommendation, using the form provided, are also to be sent to the applicant, in a sealed envelope, and enclosed with the completed application.

Applicants should mail completed application to:

The	Guthrie-Koch	PKU	Scholarship	
c/o	National	PKU	News	
6869	Woodlawn	Ave.	NE	#116
98115-5469	Seattle, WA, USA			

## Observações

The award will be sent after receipt of a college acceptance letter or proof of continuing education.
